Director's Corner:

Fun outside! We enjoy the fresh air every day. Keep in mind, March weather can be a little bit of everything. Though the forecast maybe for a mild day the mornings can still be cold. Dress your children accordingly (names in everything).

Illnesses -I certainly am aware that the news can be very scary, and we keep hearing of more places that have been affected by the Corona virus. I just want you to know that we are in close contact with the Summit school system, and any communications regarding this matter, and have spoken directly with our Board of Health Nurse. Currently, we have been told to continue to log all symptoms of illnesses as we record absences and report if we have a high incident of illnesses. We need your cooperation to let us know when your child has the flu or flu-like symptoms. We need your support to follow the policies that are in place. Your child needs to stay home 24 hours fever free without any fever reducing medications and 24 hours after last stomach virus symptom. We will keep you informed if information is updated. We appreciate you helping us keep everyone healthy!

School News:

Staff In-Service Day – We have our annual Professional Development day this coming Tuesday, March 3rd. It is a wonderful opportunity as we gather with 20 other area schools and have a day with three separate topics and presenters. First will be “Meeting children where they are”; second, “The importance of Play and Choice”; and third, “Mindfulness and Yoga”. Listening, sharing ideas and being together with so many educators, What an uplifting and motivating experience for our teachers. We also are sending four teachers to observe in Summit’s Primary Center. We look forward to hearing about their day.

Parent-Teacher Conferences: It is that time of year that is of utmost importance to us. We set aside times for the classroom teachers to meet with every child’s parents. It is designed to provide opportunity for open communication and speak to your child’s progression through this school year. Each class will have two days assigned to them where they are relieved from their class to meet with you. Your children will have a normal school day as we move teachers and provide substitute coverage for their class for the day. You will receive a notice of the date and time that you are scheduled. Please make this a priority as it becomes very difficult to deviate from the schedule. It does take us the month to provide this time for everyone. We are looking forward to this time together!

Camp CPC Celebrate the Start of Summer with us! It does feel far away as we are just at the beginning of March but time does have a way of speeding by! We are excited to offer for the one-week camp that will take place the week of June 8th–12th. The flyer for registration will be emailed and sent home with your children by the end of March.
